

BAD WEATHER CONDITIONS IN ITALY

22nd December 2009

Dear Valued Customer,

Please be advised that bad weather conditions currently being experienced in Italy are causing delays to all transport services.

Some ports, both air and sea, have experienced closures and many rail services have been cancelled. Snow has also caused major road closures delaying road transport services.

It is likely that the current weather situation will result in some cargo and vessel delays particularly in Northern Italy where weather conditions have been more extreme.

VISA will continue to monitor the situation and your customer service representative will advise you of any specific problems that may be encountered.

Should you have any questions or require further information, please contact your local VISA representative.
